Reissue Application

Oath/Declaration

The reissue oath/declaration filed with this application is defective because it fails to identify at least one error which is relied upon to support the reissue application. Since the original claims have not been amended no reissueable error exists. Specific changes or amendments to the claims must be clearly identified in the oath/declaration. See 37 CFR 1.175(a)(1) and MPEP § 1414.

Claim Rejections - 35 USC § 251

Claims 1-18 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175. The nature of the defects in the declaration is set forth in the discussion above in this Office action.

Response to Arguments

Applicant's arguments filed December 10, 2003 have been fully considered but they are not persuasive. The declaration must identify at least one error being relied upon as a basis for the reissue and that it is indeed an appropriate error for reissue (37 CFR 1.175(a)(1)). All specific changes or amendments to the claims must be identified.

If new claims are presented, their differences from the original claims must be clearly pointed out. See MPEP 1414. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
